- Member of my school's MSA(Muslim Student Association)
- Various community service work
- Guitar player, even perform at my school's concerts
- Debate team, even won 4th place at an NY tournament

EDUCATION

Phillips Academy, Andover, MA — *Graduating*

September 2018 - July 2022

Being a low-income kid from Queens, the opportunity to attend one of the prestigious preparatory schools in the world has been a humbling experience. Through Phillips, I have built relationships that will never break and developed interests I would have dismissed otherwise, including a keen admiration for computer science.

PREP 9, New York — *Graduated*

JUNE 2017 - AUGUST 2018

A program established for bright low-income students, PREP provided me with a world-class education, in PA, and the promise of a prosperous future. My contingent and I were not just handed these dreams, however, as we endured 14 months of grueling, extensive preparation for preparatory school, giving up our summers and weekends to become more than what we were handed!

All Star Code, New York — *Graduated*

JULY 2020 - AUGUST 2020

With the help of PREP, I found a program to pursue my newfound passion of computer science, in All Star Code. Through ASC, not only did I learn how to code but I also gained core soft skills like pitching an idea & demoing a project, giving me confidence to succeed in a professional environment.

869 E 147th ST, APT 6H
New York, NY 10455-5036

SKILLS

- Intermediate knowledge of Javascript
- Intermediate knowledge of HTML & CSS
- Fluent in Bengali
- Presentational skills
- Pitching/demoing experience
- Web design

LANGUAGES

- Bengali(native language)
- Spanish(limited proficiency)
- Arabic(limited proficiency)

PROJECTS

[My Personal Website](#)

I created my own website, solely using my knowledge of Javascript, HTML, & CSS!

[Tempus Salvis](#)

Three of my ASC peers & I developed an application designed to mitigate a problem every student faces, **procrastination**. Providing access to an unlimited array of educational videos with just a few clicks, Tempus Salvis makes it easy for any student to get a jump start on their upcoming exam!
